

# Music Minutes:

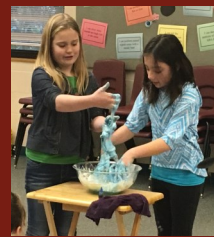

## Celebrating Success in Mrs. Barrett's music room

### Leader of the Day:

One student is selected at the end of each music class, who participated in the activities and discussions with enthusiasm, focus and understanding of concepts.

### Talent Show:

Classes earn points (smiley faces) when the **entire class** demonstrates focus on a concept or process being taught. 30 smiley faces equal 30 minutes of talent show time. Once they earn a show, sign ups occur during the following music class. The show will be six school days from when they sign up. These shows celebrate class achievement, sharing students own interests in a non-threatening performance setting. Students present as well as practice the skill of being a good audience.

### Talent Show Notification:

Students may request a reminder note when they need to bring something from home for the Show. Because it is their class celebration, students may verbally invite you to their show or choose not to invite anyone. Feel free to contact me (E-mail or phone call) to verify the day of your student's show or to discuss the act they chose (Younger students have wanted to bring things they don't have!)

**Routines and Review fill music lessons in the fall...moving the chairs, making circles and other configurations for playing music games or instruments, remembering music symbols and vocabulary, finding the beat, and reading rhythms. We've had a great start!**

## Coming Up!

**Veterans Day Assembly: November 10th at 1:15—2:00pm**

**Gordon Strings: Paperwork will be sent home later this month**

**Leah Barrett:** music specialist at Richard Gordon Elementary
